## JUNE PRICE INCREASES.

Dear customer,

Given the current market conditions we know how important it is that you are provided with advance notice of any significant price changes. We are therefore advising you of some price increases on products that you have purchased previously.

Product Category	Price Increase	Live Date
Drainage and Above Ground Plastics	11.25%	1 st June 2021
Drainage	7.5%	1 st June 2021
Roofing fixings	5%	1 st June 2021
Roofing	8-12.5%	1 st June 2021

*Please note, the above increases do not apply to all products within the categories and only highlight the most relevant price increases.*

**Why we're raising our prices.** The increase in price on drainage comes from a global shortage of plastic raw materials. Due to the volatile nature of these material prices means that unfortunately our supplier is increasing their prices. The price increase on some roofing products is the result of an increase in costs relating to freight and energy. Additionally, there have been unprecedented increases in costs of raw materials including polypropylene (used in ventilation), PVC, steel and non-woven material due to an increased demand in PPE production (this is used for certain roofing membranes).

To keep up to date with any other price increases and product availability, please visit our dedicated supplier updates page here: [www.jewson.co.uk/supplier-updates](http://www.jewson.co.uk/supplier-updates)

If you'd like to talk to us about anything we've included within this letter, please get in touch with your local branch.

We look forward to working with you in 2021.

Yours Sincerely,

Jewson
